### MULTIPLIER EVENT (BULGARIA)

**European Center for Innovation, Education, Science and Culture** organized a multiplier event together with the support of the other partners at the Plovdiv International Technical Fair <http://www.fair.bg/en/>.

Usually Autumn Fair is visited by nearly 20,000 visitors from Bulgaria and abroad. The majority of visitors are entrepreneurs, managers and professionals as well as workers and citizens. The accompanying program of the fair includes conferences, seminars, presentations and meetings focused on innovation, investment, international cooperation, energy efficiency and environmental project financing.

For making the multiplier event real, we had an SiLC' s stand/ tent and implemented 3 workshops. During the 3 workshops participants were informed and had the opportunity to experience the IOs we have produced.

### What will happen for next months?

Coming 2 months we will finish all the Intellectual Outputs:

- A handbook for facilitators
- Team leaders' toolbox
- A handbook for team leaders
- A portable mini-curriculum for facilitators

### Follow us and we will keep you posted!
